 Introductory

WE TAKE pleasure in presenting to our patrons the twenty-third volume of the Oakland, Berkeley and Alameda Directory for the year 1910, trusting that it will meet the approbation of a discriminating public. No pains or expense have been spared to make the work complete.

ALL DEPARTMENTS.—The index on page 26 is a guide to every department of the Directory.

STREET GUIDE.—A complete new Street Guide has been prepared for this issue of the Directory, showing every street in the newly annexed territory, as well as all additions, new plats, etc. This work has been compiled by thoroughly competent authority and we feel assured that it will be appreciated by all who find a Street Guide a necessity.

THE CLASSIFIED DEPARTMENT, pages 1315 to 1504, contains a list of all individuals, firms and corporations engaged in business in Oakland, Berkeley and Alameda, arranged alphabetically according to the vocation in which they are engaged and forms a complete buyers' guide, which is consulted daily by thousands of people.

The cities represented in this volume have shown a healthy growth during the past year and will show a decided increase in population. The United States Census will be taken this summer, and as the figures given in that census will be the authority for future reference we do not deem it necessary to make an estimate of the population at this time.

In preparing this work care has been taken to abbreviate and condense as much as possible to make the work less cumbersome. We desire criticism of our efforts and will deem it a favor if our attention is called to any errors or omissions, so that it may be rectified in future editions.

We appreciate the liberal patronage given this issue of the Directory and the assistance given in collecting the data.

Respectfully,

POLK-HUSTED DIRECTORY CO.

POSTAL RATES AND CLASSIFICATION OF MAIL MATTER.

Domestic mail matter, that is, mail matter sent in the mails from some postoffice within the United States to some other postoffice within the same, is divided into four classes, as follows:

First-Class Matter.
Rate of postage: Two cents for each ounce or fraction thereof.

Second-Class Matter.
Second-class matter is of two kinds. First, that sent by publishers or news agents; second, that sent by other than publishers or news agents.
Rate of postage to publishers and news agents, one cent per ounce or fraction thereof; to individuals, one cent for each four ounces or fraction. Second-class publications mailed by publishers or news agents to Canada must be prepaid at the transit rate of 1c for each 4 ounces with stamps affixed, except that daily publications may be mailed at 1 cent a pound paid at the office of mailing.

Third Class—Printed Matter.
Rate of postage: One cent for each two ounces or fractional part thereof, and must be fully prepaid by stamps affixed.

Fourth Class—Miscellaneous Matter.
Rate of postage: One cent for each ounce or fractional part thereof. Mailable matter of the fourth class embraces all matter not embraced in the first, second and third class, which is not in its nature liable to destruction or deface or otherwise damage the contents of the mail bag or harm the persons of
any one engaged in the postal service, and is not above four pounds in weight for each package thereof, except in case of single books weighing in excess of that amount.

HAVING noted for many years the lack of lightness and humor which have characterized alike the dictionary and the city directory, we shall endeavor in this ad. to remedy such defect by inserting a few choice Limericks of home manufacture.

To the days of the Linotype craft,
Ere the age of trademarks and graft,
Secure in position,
Without competition,
These printers just labored and侠.

GEORGE F. GUTENBERG, and that other,
Fictitious typographical brother,
Johann Fust, for them he part
Made of printing an art,
The art of wide knowledge to the mother.

In the centuries after their time,
Imbued by a motive sublime,
The art, spread as age,
Regardless of race,
Regardless of country and clime.

This art has been unassertive, mild,
Compression and tyranny chased,
Wrong's hideous might,
Lightly given the height,
Manly duty, labor and restrained.

As the stand of our craftsmen was then,
At the birth of the art, and again
Through age after age,
Let us letter the page
"The Printer a Man among Men."

No law of honor he spittle he,
He likes not the crook of the knee,
He will hold his head high,
Look a man in the eye,
Be courteous, kindly and free.

Give him his dessert—treat him nice,
Don't begrudge or grudge him his price;
He seeks but a living,
He asks no almsgiving:
Be guided, and take this advice.

Though he seeks not exorbitant wealth,
Yet he works not alone 'tis for his health,
'Tis his mission to aid
In executing your trade,
And he works not in secret or stealth.

We feel that we owe the reader an apology, inasmuch as after offering him lightness and humor, upon "taking our stick in hand" for the purpose of composition, the Limerick Muse has led us into this preachment, a result entirely unforseen. If the thought is considered scrappy or the verse uneven, bear in mind that, following the illustrious example of B. Franklin and H. Greely, these verses were extemporized "at the ease." Courteously yours.

The most important necessities for a city

Good Railways  A Good Hotel
Plenty of Pure Water  A First-class Newspaper
Cheap Fuel  Good Banks
Economical Lighting Facilities  An Up-to-Date City Directory

The City Directory

Is the greatest source of knowledge concerning living things in the world. Everybody is represented and interested in it.

The Directory costs the subscriber 10c per week if he buys it. If he doesn't buy it, he doesn't save 10c a week; for he often loses a customer or an account and at the end of the year he has paid many times what it would have cost him to enjoy all the advantages of a new up-to-date directory.

The classified lists in the City Directory form the greatest buyers' guide on earth. It is a modern, up-to-date method of getting what you want.

The Directory represents the city and all its interests. Are you doing your share to promote the progress of the community?

Show your public spirit by making the Directory a creditable representation of this city.

The most important necessities for a city

Good Railways
Plenty of Pure Water
Cheap Fuel
Economical Lighting Facilities

A Good Hotel
A First-class Newspaper
Good Banks
An Up-to-Date City Directory

The City Directory

Is the greatest source of knowledge concerning living things in the world. Everybody is represented and interested in it.

The Directory costs the subscriber 10c per week if he buys it. If he doesn't buy it, he doesn't save 10c a week; for he often loses a customer or an account and at the end of the year he has paid many times what it would have cost him to enjoy all the advantages of a new up-to-date directory.

The classified lists in the City Directory form the greatest buyers' guide on earth. It is a modern, up
to-date method of getting what you want.

The Directory represents the city and all its interests. Are you doing your share to promote the progress of the community?

Show your public spirit by making the Directory a creditable representa
tion of this city.

The City Directory

Is the greatest source of knowledge concerning living
things in the world. Everybody is represented and
interested in it.
The Directory costs the subscriber 10c per week if
he buys it. If he doesn't buy it, he doesn't save 10c a
week; for he often loses a customer or an account and
at the end of the year he has paid many times what
it would have cost him to enjoy all the advantages of
a new up-to-date directory.
The classified lists in the City Directory form the
greatest buyers' guide on earth. It is a modern, up-
to-date method of getting what you want.
The Directory represents the city and all its interests.
Are you doing your share to promote the progress of the community?
Show your public spirit by making the Directory a creditable represen-
tation of this city.

The Polytechnic College of Engineering

is the most practical school of its kind in the west.
It is the only technical college in California that engages in actual engineering work.

PLAN AND POLICY—to give to young men an opportunity to specialize on the essential branches of a technical course without compelling them to take the non-essential branches.

To give a more practical training and in a shorter time than our Universities can give.

Every Modern Equipment—Machine Shops, Electrical Laboratories, Steam Plant, Pattern Shops, etc.

Complete Courses in

Civil Engineering
Electrical Engineering
Mechanical Engineering
Mining Engineering
Architecture

The City Directory

Is the greatest source of knowledge concerning living things in the world. Everybody is represented and interested in it.

The Directory costs the subscriber 10¢ per week if he buys it. If he doesn't buy it, he doesn’t save 10¢ a week; for he often loses a customer or an account and at the end of the year he has paid many times what it would have cost him to enjoy all the advantages of a new up-to-date directory.

The classified lists in the City Directory form the greatest buyers' guide on earth. It is a modern, up-to-date method of getting what you want.

The Directory represents the city and all its interests. Are you doing your share to promote the progress of the community? Show your public spirit by making the Directory a creditable representation of this city.

Polk-Husted Directory Co. Oakland, Cal.

The National Real Estate Journal

the official organ of the National Association of Real Estate Exchanges, is a modern, up-to-date Real Estate newspaper, giving all the news, everywhere, all the while. It is published by real estate men for real estate interests. It is yours. Your own creation. For your own use. Everyone who buys or sells real estate should subscribe to the NATIONAL REAL ESTATE JOURNAL, published under the auspices and direction of the National Association of Real Estate Exchanges. Keep abreast of the times. Subscribe now. Show your appreciation of our efforts. Only $1 per year. Its For Sale and Exchange columns are the Mecca for all wants in the real estate line.
